About the Winter Mocks Preparation Course

Elite IB's Winter Mocks Preparation Course is devised to help every student achieve the very best in their IB mock examinations. Delivered by our outstanding team of recent IB graduates, IB teachers, and IB Examiners, the course is the perfect opportunity to revise the material and subjects you've covered so far in the IB, and to receive that extra level of exam preparation ahead of the Mock exams.

Our Winter Mocks Preparation Course allows students to revise subjects which they may require extra support in, or simply a chance to refresh the material ahead of the school start in January and potential IB mock exams. Each workshop has an average of 5 students to a tutor allowing each student to receive the focus they require over a two-day period. For further information on the structure of the workshops and to see which subject workshops are available in your geographical area, please see our Course structure page.

Our workshop tutors constitute the finest members of our tutoring team. With an unrivaled selection of IB graduates, IB teachers, and IB examiners, every student benefits from the individual support of expertly placed tutors at the Course, learning exam technique, revising subject syllabi, and practicing past papers with the very best.

About Elite IB Tutors

Elite IB Tutors have a proud history of helping students reach their full potential in the IB. Our exceptional team of educators know the IB better than anyone, and it's why we consider ourselves the foremost team of educators in the IB internationally. Our Courses are at the heart of the support we provide students, and each year we receive outstanding feedback from our students, who leave energised and best prepared for their exams.

IB revision, from IB specialists

The IB is all we do, which is why students and families have trusted us year after year at our Revision and Preparation Courses

- ✓ Led by the finest IB graduates, students at our Courses are guaranteed expert subject support
- ✓ Intensive tuition, directed by students
- ✓ Workshops have an average of 5 students to a tutor to keep tuition personal
- ✓ This will be our 9th year of running revision and preparation courses

How is the Course organised?

The London Winter Mocks Preparation Course focuses on the Maths and Experimental Science subjects of the IB. The course runs over the span of four days, and students are invited to request specific areas of the syllabus which they want extra focus on ahead of the start of the course to ensure the best possible use of time at the course.

- Classes have an average of 5 students to a tutor
- Six hours of subject revision per day
- Two full days of intensive and comprehensive revision per subject

A usual day at the Winter Mocks Course

Students attending the course should arrive prepared for a full day of revision and exam preparation, and are invited to join us before the Course to get to know the team and Course leaders.

- 9:30am Students arrive
Tutors and students join us before the course begins for tea and coffee. This time offers students an excellent opportunity to meet other IB students at the course, their workshop tutors, and prepare for the day.
- 9:45am Quick introductory talk
Students are welcomed to the course and their workshop tutors by the Elite IB team.
- 10:00am Workshops begin
Students sit down in the workshops to begin revising their subjects.
- 12:30pm Lunch
Students break for lunch
- 1:30pm Workshops resume
Tutors and students return to their workshops to continue their subject revision.
- 5:00pm Workshops end
After each workshop has concluded, the workshop leaders and Elite IB team remain on-hand for any queries attendees may have.

Winter Mocks Preparation Course

Testimonials

[Overview](#) [Course Structure, London](#) [Course Structure, Geneva](#) [Testimonials](#)

Exceptional feedback, every year

We're proud so many students join us each year to prepare for their exams with our tutors, and every year students leave our courses delighted with the tuition they received and better prepared for their examinations.

Here is just some of the outstanding feedback we've received from past attendees at the course, and you can find more testimonials about the support we provide to students on our website, where you can also register for the course.

“Fantastic tuition with fantastic tutors, would highly recommend to anyone willing to take their IB knowledge to the next level.”

Viktor, Economics HL

“It was the perfect amount of time to revise topics. The classes were small enough that any and all questions were answered to the full extent. We also had the ability to target more specific areas rather than just the general topic headings.”

Victoria, Biology HL

“During the revision course our tutor gave us really great hand outs that she made, with all the information we needed to know, and past papers for every sub-topic. We were all very engaged through the day and she was **very** friendly which **made** us all more comfortable asking questions!”

Erica, Biology HL and Maths HL

“The tutors were excellent. They provided us with exam technique on how to answer questions effectively and I was able to learn a lot in a short period of time.”

Ife, Biology HL, Chemistry HL, and Maths HL
Scholarship Student

Ife attended our revision courses on the Elite IB Scholarship. We're dedicated to improving access to excellent education for everyone, and if you want to find out more about our Young Achiever Scholarship, you can email us at youngachiever@eliteib.co.uk.
